# TER MARSCH & CO<sup>®</sup>

FRIES - BURGERS - FISH

## AWARD WINNING BURGERS & FRIES

### About us

Ter Marsch & Co started back in 2014 with a simple mission: "to do one thing, and to do it exceptionally". We specialize in serving delicious hamburgers, fries and fish in a hip atmosphere designed to appeal to both families and foodies. The iconic monumental building with its low entry barrier design shows brick walls, wooden accents and an open kitchen.

### Farm to table

At Ter Marsch & Co, meat has been in the family for 125 years. The love for our own cattle and tasty meat has been passed down from generation to generation. You can taste the good life of the cattle in our award winning burgers.

### The farmer and his potato

Every day, the potatoes are transported directly from the farmer in large bags to our shop to be cut by hand on site into fresh fries! The potato produces beautiful golden-yellow fries with a thin skin, crispy on the outside and with a nice soft potato taste on the inside. After baking, the fries are served with our homemade sauce to your choice.
